# Letter Of Recomendation

To whom it may concern,

This is to recommend Mr. Shivayan Chakravarty, who successfully completed his internship at Bootcoding Pvt. Ltd. During his tenure, he demonstrated strong technical skills, reliability, and the ability to handle tasks efficiently across multiple codebases.

Shivayan contributed to both the frontend and backend of the Weekly Challenge pages, working extensively with React and later with Next.js as the module evolved. He also worked on the frontend of various landing pages, ensuring smooth UI flow and clean implementation. In addition, he supported UI consistency across multiple repositories, contributed to dashboard stitching, tested backend APIs, assisted with user/admin routing updates, and helped maintain alignment across Git repositories. He further worked on multiple frontend components and contributed to Figma designs during the project.

Throughout his internship, Shivayan demonstrated effective communication, strong problem-solving skills, a clear understanding of requirements, and timely delivery of assigned tasks. We believe Mr. Shivayan Chakravarty has strong potential and would be a valuable asset to any development team. We wish him success in his future endeavours.
